### About Us

A government- aided women's college established in 1964, the college functions with 8 Science and 7 Arts departments. There are 4 recognised research centres under the university, in the English, Chemistry, Physics, and Botany departments. The Research Forum of the college comprises the principal and the vice principal as the advisory members and PhD holders from all departments. The forum conducts national paper presentation competitions, seminars, and workshops, and holds review meetings annually to foster research-oriented activities. The forum has sufficient research infrastructure that includes a well-equipped library with digital facilities and laboratories with sophisticated instruments. With a strong network of researchers and experts from all over the country, the forum keeps itself abreast of the latest developments within academia. There are 16 research guides and 23 active research scholars pursuing research at the institution.

### Registration Fees:

Faculty - Rs. 1000/-

Research Scholars - Rs. 500/-

UG & PG Students - Rs. 300/-

International participants: USD30
