Sr Jainy Jacob M

HOD:

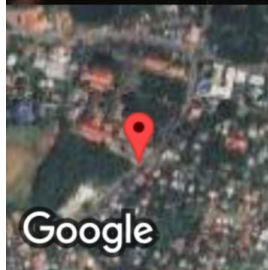

Sr Jainy Jacob

As part of the academic enrichment activities, Department of Computer Applications organizes an orientation session on “Emerging Trends in Information Technology” for Second year and Third year students of BCA, drawing active participation from students across various departments. The session aimed to familiarize students with the latest developments in the IT sector, including artificial intelligence, machine learning, blockchain, cybersecurity, cloud computing, and the Internet of Things (IoT). Expert speakers from the industry and academia shared valuable insights into how these technologies are reshaping industries and creating new career opportunities. The interactive session allowed students to engage in discussions, ask questions, and gain clarity on the skills needed to thrive in the rapidly evolving tech landscape. This orientation not only broadened students’ understanding of current IT trends but also motivated them to pursue further learning and innovation in the field.
