A Project Orientation Session was conducted by Department of Computer Applications, Mercy College, to guide students in effectively planning and executing their academic projects. The session saw enthusiastic participation from final-year students across various disciplines. The session was handled by Mr. Shijo John, Mr. Visakh P C, Mr. Ronald Jose, Software Engineers, RISS Technology, Thrissur. Faculty members provided detailed instructions on project selection, research methodologies, report writing, time management, and the importance of originality and ethical practices. Students were also briefed on documentation standards, evaluation criteria, and the use of relevant tools and technologies for their respective domains. The orientation included interactive discussions, where students clarified doubts and received suggestions on refining their project ideas. The session aimed to ensure that students are well-prepared to undertake meaningful and impactful projects, fostering innovation, critical thinking, and practical application of their academic knowledge.
