RESEARCH & POSTGRADUATE DEPARTMENT OF PHYSICS

JAM COACHING FOR ADVANCED LEARNERS

Objective: The objective of the JAM Coaching programme was to provide systematic academic guidance to undergraduate students aspiring for the Joint Admission Test for Masters (JAM).

Report: Sessions were handled by Mr. Harikrishnan K. J., a recipient of the Prime Minister's Research Fellowship, IIT Palakkad. Methodology included structured lectures, problem-solving discussions, and exam-oriented strategies, with active participation from students. 12-15 hour classes were completed during Christmas vacation and this will be extended to coming Saturdays.

Outcome: The programme enhanced students' conceptual clarity and problem-solving skills in fundamental areas of physics. Participants gained improved confidence to face competitive examinations like JAM and developed a clearer academic roadmap for higher studies.
