## Report on Institutional Visit to IIT Palakkad Organized by Post Graduate and Research Department of Chemistry

An institutional visit to Indian Institute of Technology Palakkad was organized by the Post Graduate Department of Chemistry, Mercy College, Palakkad, on 5<sup>th</sup> January 2026. The visit aimed to provide students with exposure to advanced research facilities, academic environment, and ongoing scientific developments in a premier institute of national importance. Twenty five students actively participated in the visit, accompanied by faculty members. The programme commenced with an introductory session where the students were briefed about the institute, its academic programs, research areas, and state-of-the-art infrastructure. Faculty members and research scholars from IIT Palakkad interacted with the students and shared insights into current research trends, particularly in the fields of materials science, nanotechnology, and energy-related studies. The students were given an opportunity to visit various laboratories equipped with advanced instruments, which enhanced their understanding of modern experimental techniques and research methodologies. The interaction sessions encouraged students to clarify their academic queries and motivated them to pursue higher studies and research careers.
