## RESEARCH & POSTGRADUATE DEPARTMENT OF PHYSICS

### NATIONAL SCIENCE DAY

#### Objectives of the Program

- A documentary on C. V. Raman's life was shown to students
- The show described about his childhood curiosity and determination despite challenges.
- It also explained the historic experiment leading to the Raman Effect.
- Documentary depicted the struggles and triumphs as an Indian scientist during colonial times.

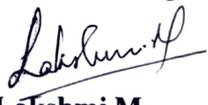

**Report:** National Science Day is celebrated in India on 28 February every year to mark the discovery of the **Raman Effect** by Sir Chandrasekhara Venkata Raman in 1928. Physics department conducted a documentary on inspiring life story of C V Raman in connection with 'National Science Day' on **5<sup>th</sup> March 2026**. All students of the Physics Department were present for the occasion. The Presentation was very inspiring as it covered the life history of C. V. Raman.

#### Outcomes

- National Science Day is not only a celebration of a scientific discovery but also a tribute to the spirit of inquiry and innovation embodied by Sir C. V. Raman.
- His journey teaches us that with curiosity, perseverance, and dedication, one can overcome limitations and make contributions that change the world.
