REPORT

The Department of Computer Application at Mercy College, Palakkad organized a program titled "Introducing AI Tools" in connection with World Computer Literacy Day on 2nd December 2025, from 12:50 PM to 1:30 PM at the BCA D2 classroom. The objective of the program was to enhance computer literacy and create awareness about the growing importance of Artificial Intelligence in today's digital world. The session was conducted by student resource persons—Fathima Lubaiba K S, Arya E R, Asuna K S, Asutha K S, and Kavya from BCA D1—who introduced various AI tools and explained their practical applications in education and everyday life.

The program was attended by teaching staff, non-teaching staff, and students, all of whom actively participated in the session. The presenters delivered the content in a clear and engaging manner, using simple explanations and examples to ensure better understanding. The session highlighted the significance of staying updated with modern technologies and improving digital skills. Overall, the program was informative and successful, contributing to the promotion of computer literacy and awareness of AI among the participants.
