REPORT

The Christmas celebration titled Esperenza 25 was organized at Mercy College, Palakkad, jointly by the Department of Computer Applications and the Department of Botany. The celebration included a series of engaging and creative events conducted from 12th December to 23rd December 2025. The competitions included Reels Making (12th–19th December), Christmas Puzzle (15th December), Star Making (16th December), Nano Christmas Tree Making (17th December), Nano Crib Making (18th December), and a Treasure Hunt along with a Christmas Gala Exhibition on 19th December near Leisure Tower. The festivities also featured a Christmas Carol Programme on 22nd December, open to all departments and staff, followed by the main Christmas celebration held on 23rd December at the college campus.

As part of the programme, a charity initiative was carried out by the Department of Computer Applications, where small items and contributions were collected for orphanage students through a charity box from the first week of December until 23rd December 2025. The stage programme on the final day was managed by the BCA department, and students actively participated in all events, showcasing their creativity and teamwork. The celebration was vibrant and meaningful, promoting festive spirit, social responsibility, and unity among students and staff, making Esperenza 25 a memorable and successful event.
