Report on “SHE DRIVE” – Driving Training Initiative

The Department of Economics and Sociology, Mercy College Palakkad, organized a skill development initiative titled “SHE DRIVE”, aimed at empowering women students through driving training. The programme offered driving classes for both two-wheelers and four-wheelers, beginning on 19 September 2025.

The initiative was designed to promote independence, confidence, and practical life skills among female students. Through this programme, participants were given an opportunity to learn driving under proper guidance, enabling them to acquire an important life skill that enhances mobility and safety.

The programme received a positive response from students, as many enrolled to take advantage of the training. By equipping young women with driving skills, the department sought to contribute to women’s empowerment and encourage greater self-reliance.

Overall, “SHE DRIVE” was a meaningful initiative that combined skill development with the broader goal of empowering women and promoting confidence and independence among students
