Career Clinic Inauguration Report

The **Career Guidance and Placement Cell of Mercy College, Palakkad**, inaugurated its new initiative — the **Career Clinic** on 10th September 2025, aimed at providing continuous career support, counselling, and guidance to students for their professional growth and development.

The inauguration ceremony was graced by **Mr. Sabaari Kishore**, *Manager, Campus France, French Embassy*, who officially inaugurated the Career Clinic. In his inaugural address, Mr. Kishore highlighted the importance of global education and the wide range of opportunities available for students in international institutions. He encouraged students to explore overseas education prospects and to equip themselves with the necessary skills to succeed in an increasingly globalized world.

The **keynote address** was delivered by *Mr. Sebastian Antony*, an educational expert, who spoke about the evolving career landscape and the need for students to adopt a proactive approach in career planning. His insightful talk inspired the students to identify their strengths, set realistic goals, and stay updated with emerging industry trends.

The session concluded with the presentation of the **year plan of the Career Clinic**, outlining various programs and activities to be implemented throughout the academic year. The plan includes career orientation workshops, higher education awareness sessions, skill development training, and placement support programs aimed at enhancing the employability of students.

The inauguration of the Career Clinic marks a significant step in Mercy College's ongoing commitment to empowering students through systematic career guidance and professional development.
