Report on International Day against Drug Abuse

On June 29, the Department of Computer Applications at Mercy College organized an impactful awareness programme to observe the International Day Against Drug Abuse under the theme "Breaking the Chains. Choosing Life." Led by Head of Department Sr. Jainy Jacob, Staff Coordinator Ms. Durga J, and Student Coordinator Anusree, the campaign utilized a powerful Mime Performance to creatively depict the dangers of substance abuse. Our team of 11 members arrived at the Karnaki Amman higher secondary school at Muthanthara by 9:00 AM, and the programme officially commenced at 9:15 AM immediately after the morning assembly. Our performance was staged as a direct continuation of the special programme presented by the students of Karnaki Amman Higher Secondary School. As the mime concluded, our team stood together holding placards and ended with a powerful quote against drug abuse, reinforcing our commitment to the cause. The programme concluded with a formal Vote of Thanks delivered by our team, followed by an inspiring address by our staff coordinator, who shared her reflections on the importance of the event and commended the efforts of all involved. This joint initiative was a major success, extending its vital social outreach to benefit 500 college students at Mercy College and 120 students at Karnaki Amman Higher Secondary School, successfully inspiring the students to collectively say "NO TO DRUGS" and choose life.
