REPORT ON SEMINAR TITLED “BRIDGE THE GAP BETWEEN TECHNOLOGY AND HEALTHCARE”

A seminar titled “**Bridge the Gap Between Technology and Healthcare**” was organized by the **Department of Computer Science & Computer Application, Mercy College, Palakkad**, in association with **Anton’s Medicode**, on **21 July 2026**. The session aimed to introduce students to the emerging field of medical coding and highlight the role of technology in the healthcare sector. The programme provided students with an opportunity to understand how computer applications and healthcare processes are interconnected.

The resource person mentioned in the brochure, **Mr. Dipin C, Marketing Manager, Anton’s Medicode**, was unavailable to conduct the session. Therefore, **Mr. Suraj K. S., a trainee from Anton’s Medicode**, conducted the session on his behalf. He provided students with valuable insights into medical coding, its scope, career opportunities, and the importance of technology in modern healthcare. The session was informative and helped students gain awareness of a promising career pathway at the intersection of **computer science and healthcare**.
