

## Report on Intercollegiate Poster Making competition

PG & Research Department of Botany, Mercy College, Palakkad conducted Intercollegiate Poster Making competition on 5th June 2025 in association with Kerala State Biodiversity Board (KSBB) for students providing a platform to showcase their creativity and raise awareness on Plastic pollution. The theme of competition is strictly focused on Plastic pollution. A total of eight students from various disciplines participated in the event. Participants showcased their creativity while addressing the environmental challenge of plastic waste. It helps not only fostered creativity among students but also encouraged them to engage with important theme plastic pollution. Devika V. and Aiswarya S. (MSc Botany) secured the first and second prizes respectively in the competition.
