

Report Exhibition on "Reshape- from plastic waste to everyday wonders"

PG & Research Department of Botany, Mercy College, Palakkad organized Exhibition for a Plastic free tomorrow "Reshape- from plastic waste to everyday wonders" on 5th June 2025 in association with Kerala State Biodiversity Board (KSBB). The event was inaugurated by distributing saplings to the students. The event aimed to raise awareness among students about plastic pollution and promote creative ways to repurpose plastic waste into useful products. Students from various departments of our college and school students from KH Memorial English medium School, Palakkad visited the exhibition with great enthusiasm, actively engaging with the exhibits and appreciating the creative efforts. Items included decorative pieces, planters, toys, stationary holders from discarded plastic bottles, bags and containers.
