

MEDIA CENTRE REPORT

1. Website Audio Recording

- Our team successfully recorded and edited high-quality audio content specifically designed for the institution's website. These recordings have enhanced user engagement and accessibility, especially for our remote and visually impaired audiences.
- Shanthi soft technologies and media centre of mercy college cordially worked for updating college website

2. 9-Day Novena Prayer Recording and Editing

- Daily prayer sessions recorded on-site
- Edited for clarity, flow, and reverence

3. Religious Program Audio Recording (Off-Campus)

4. Epochs Recording for Golden Jubilee

- In celebration of the **Golden Jubilee**, we produced a special audio series titled “Epochs,” chronicling the journey of the institution through the decades.

5. Song Editing for Jubilee Celebrations

- To complement the festive spirit, we helped the students to edit songs for the performance.
