Report on
Hands on training in QR Coding and Photoplasting techniques using
Photoshop

Department of Botany, Mercy College, Palakkad conducted Hands on training in QR Coding and Photoplasting techniques using Photoshop on 28th February 2024 at Botany lab. The programme was inaugurated by Dr. Jelly Louis C, HOD, Department of Botany, Mercy College. The resource person was Dr. Seena K K., Assistant Professor, Department of Botany, Mercy College. She delivered talk on QR coding and its applications, this can offer students a direct link to valuable information about plant species, its scientific name, growth habitats and ecological significance. This interactive tool enhances students learning experiences by providing direct access to relevant content, fostering curiosity and promoting deeper understanding about plant science. She also gave training on photoplasting techniques using photoshop which helps to editing, annotating images of specimens and creating high quality images for publication in scientific journals and databases. Totally 32 students and 2 teachers benefitted the session.
