The SESREC distributed fruit tree saplings to the children in Anganwadi Ward No.47 to observe environment day and to share the importance of tree conservation and making the world a bit greener so we save it from global warming. The SESREC observed the World Environment Day on 5 June 2025 by also planting saplings in our campus. The Greenery committee of SESREC conducted the tree sapling planting drive. A semi-classical dance was performed as a tribute to Mother Earth. It was performed in honour of the World Environment Day. Through expressive movements and soulful rhythm, the piece highlights the beauty of nature, the pain caused by environmental harm, and a hopeful call for conservation. The message was to inspire love, respect, and action for a greener, cleaner planet.
